

To all Members

Dear Member

**CECA (NE) IN CONJUNCTION WITH LIZ BRIDGE  
TAXATION EVENT - MAKING TAX DIGITAL & VAT REVERSE CHARGING  
WEDNESDAY 7 NOVEMBER 2018**

CECA NE is pleased to advise that in conjunction with Liz Bridge a special Taxation Event has been arranged.

Liz Bridge will talk about Making Tax Digital for VAT, legislation that comes into force in April 2019 and which is likely to mean that you or your accountants will need new upgraded software. There will be no manual submissions, so if you do not use accounting software now, this will be your opportunity to start....

But far worse, Liz will start to explain VAT Reverse Charging. This is the biggest VAT change to affect construction ever and will impact on your cash flow and necessitate dramatic changes to invoicing, self-billing arrangements, and accounting for VAT. VAT reverse charge starts on 1 October 2019 but there are so many changes that it will be sensible to start collecting the data you will need in the New Year.

**Who should attend?** Anyone with responsibility for the accounting, tax compliance, and interfacing with employees about pay and tax.

**Why attend?** To find out that tax is not always boring and can be less troublesome if you know what is coming your way....

NB: Companies who are not members of CECA NE may attend for a nominal charge of £15.00 + VAT.

**PROGRAMME**

Date:	Wednesday 7 November 2018
Venue:	CECA NE, H25, The Avenues, 11 <sup>th</sup> Avenue North, Team Valley, Gateshead. NE11 0NJ
