PROGRAMME

09:00	<i>Registration and networking over coffee and breakfast rolls</i>
09:30	Presentation on recent legal developments of interest to those tendering, negotiating and managing construction contracts. This session will focus on ensuring the appropriate allocation and management of risk, and will consider recent cases which highlight potential traps for the unwary and how these can be avoided.
10:40	<i>Coffee break</i>
11:00	Presentation on current trends in Alliance contracting in the UK. This session will examine the differences between the various Alliance contract standard forms used in the UK including the NEC4 Alliance Contract and the Network Rail Project Alliance Contract (NR21). The session will consider how understanding and operating the contract terms can make the variants of this form of collaboration successful for the individual Alliance members and the Alliance as a whole.
12:10	Further Q&A and general discussion
13:00	<i>Buffet lunch</i>
14:00	Close
