

CITB Temporary Works Co-Ordinator Training Course

EXPECTATIONS

This course is designed for potential temporary works co-ordinators who have to coordinate the design, the erection and decommission of temporary structures.

At the end of this course, people should:

- Understand the need for temporary works policies and procedures.
- Understand the associated legislation and available guidance.
- Be able to develop a design brief and check designs.
- Identify different types of temporary works.
- Be able to prepare a temporary works register.
- Identify good practice for risk assessments and method statements applicable to temporary works

THE 2020 WAY

2020 Safety Solutions Ltd take a different approach to most training providers. Our courses are designed by educational experts as well as subject specialists.

Every course is based upon engagement, interaction and enjoyment as well as personal development.

It's training, just done differently.
