

CECA Southern/EKFB (HS2) Meeting

CECA Southern is pleased to announce an event with the **Eiffage Kier Ferroviaal BAM (EKFB) Joint Venture**, who are delivering the civil engineering works for 80km of the central section of HS2 Phase 1. This is aimed at explaining how to work as a subcontractor on EKFB's section. Their presentation will include sessions from four of their Strategic Partners: **Bauer Keller, Blackwell Earthmoving, Walters Group and Buckingham Group** - these four organisations will also have subcontract opportunities to present to CECA members. We will be following the presentation with an opportunity to "Express an Interest" for the work described. Also, we will be circulating, in advance to registered attendees, some wider information about how contracts on EKFB's section of HS2 Phase 1 will be procured.

RSVP – Leone Donnelly - leonedonnelly@cecasouth.co.uk

When: Tuesday 11 May 2021, 10.00am - 11.30am, MS Teams
