

# Civil Engineering Contractors Association (South West)

Presentation to

# CECA South West - Working for Infrastructure:

- Represents infrastructure contractors in the South West and UK-wide
- Provides training and client engagement
- Influences Government policy on industry issues
- Promotes civil engineering to young people

## Our national members:

Balfour Beatty

SKANSKA

MORGAN  
SINDALL

Sir Robert  
McALPINE

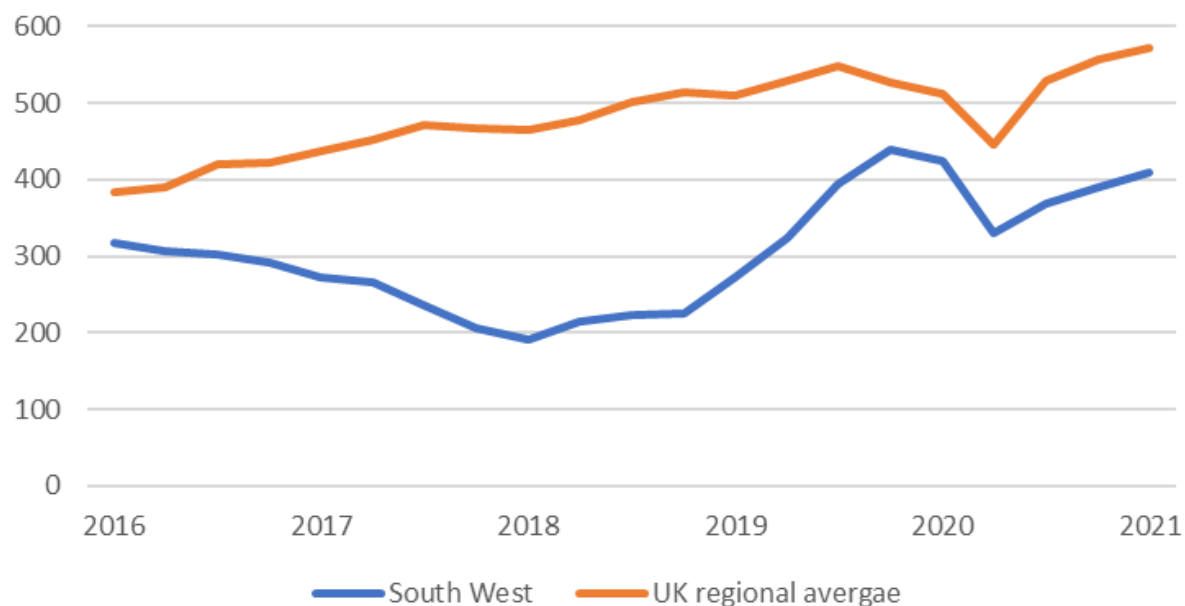

# Our regional members:

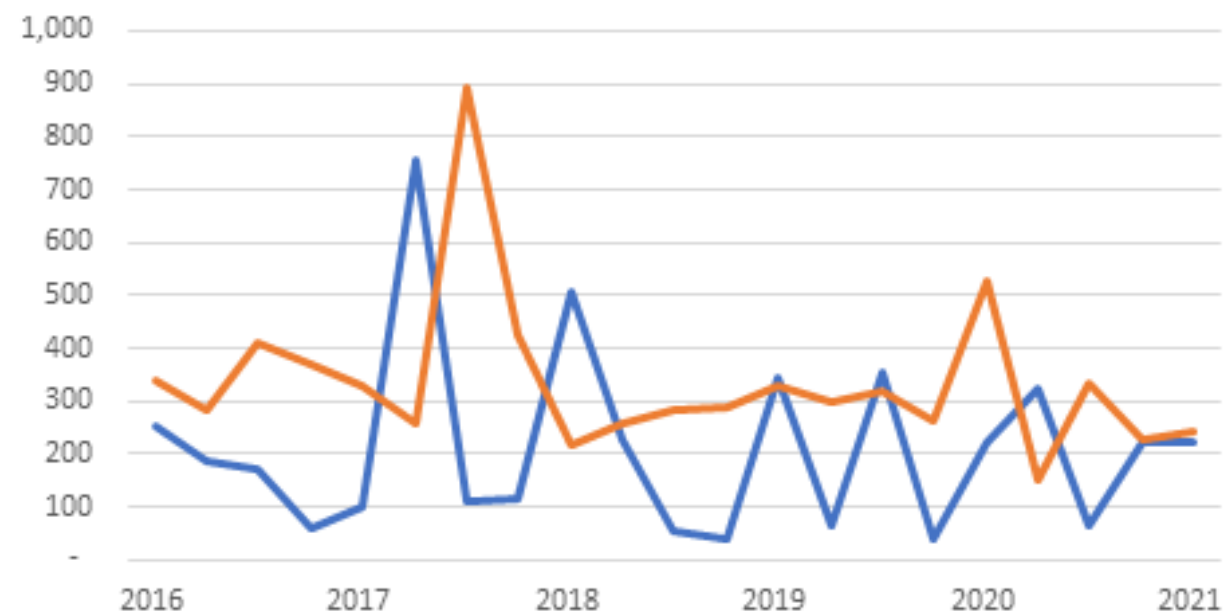

## National & regional picture:

New Infrastructure Output - Quarterly (£M)

New Infrastructure Orders - Quarterly (£M)

## Industry issues in the region:

- Raw material availability and rising costs
- More resources and skills (no change there!)
- ‘Levelling Up’ agenda does not favour the South West
- Better procurement of contracts
- Net zero challenges to both clients and contractors

***NB Covid no longer a major issue!***
