

CITB HSA

LEARNING OUTCOMES FROM THIS COURSE:

This course highlights potential hazards when working on site and provides practical advice on keeping yourself and your colleagues safe. It covers your individual and employer's responsibilities, including what you can do if you think anyone's health and safety is being put at risk.

This course provides health and safety awareness and is endorsed by Build UK as standard training for all operatives on site.

Virtual delivery option

This course has been designed so that we can deliver it in a traditional classroom setting.

We can also deliver this via a virtual classroom.

Consistent interaction

This course is designed to include consistent opportunities for learners to engage and interact.

This will make the course both more enjoyable and more impactful for those attending.

CITB certificate

Certification for this course is valid for 5 years.

To remain certified in this area, you will need to take a refresher course before the expiry date on your certificate, otherwise the full course will need to be retaken.

What people say...

"was worried we were going to be talked to for most of the day but the trainer ensured everyone was involved"
