

# Utility Service Coordinator

## EXPECTATIONS

This course is designed for workforce that need to use a locator and transmitter to survey excavation activities to identify buried services.

At the end of this course, people should:

- Understand the role of Utility Service Co-Ordinator and their legal responsibilities.
- Be able to plan and manage excavation activities.
- Be able to recognise best practice regarding use of locator devices and analyse data.
- Understand permits, emergency arrangements and safe systems of work.

## THE 2020 WAY

2020 Safety Solutions Ltd take a different approach to most training providers. Our courses are designed by educational experts as well as subject specialists.

Every course is based upon engagement, interaction and enjoyment as well as personal development.

It's training, just done differently.
