Permission to grow to 43m passengers per year

£2.2bn

GVA to the UK economy

#2

In UK for dedicated air cargo

47mins

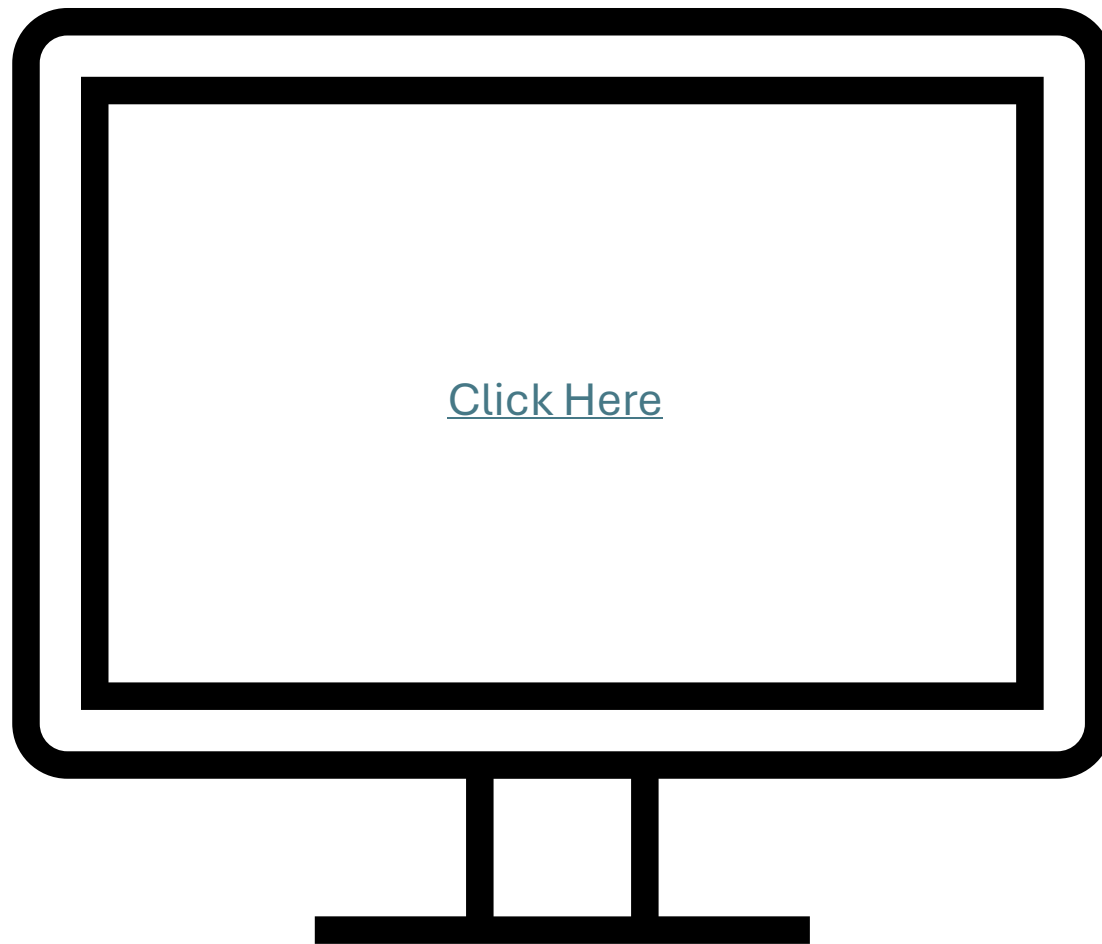

Direct trains to London

Our Plans

- £1.1bn investment
- 16,500m terminal extension
- More spacious departure lounge with a greater choice of shops, bars and restaurants.
- Significant enhancements to each stage of the passenger journey.
- 5,000 new jobs
- Airlinks replacing TTS

Transforming Stansted Video

What have we done so far?

- Domestic Reclaim facility operational
- Security orientation zone modifications
- New security lanes installed
- Preparatory and utility diversion works
- New WHSmith store open

Next Steps

- Enabling works and install footings for skylinks
- Shoreline check-in works begin
- Pedestrian walkway relocations
- New security portal works

London
Stansted
Airport

**Growing beyond 43 million
passengers a year**

Our long-term
plan to grow
responsibly with
what we have.

Back
Stansted's
Plan

Our long-term plan for sustainable growth

We expect up to **51 million passengers** to be using the airport by 2040.

Our long-term plan accommodates this by **making the best use of what we have** - a single runway within the same boundaries and no more flights than currently allowed.

 Improvements to M11 Junction 8

 Funds for local bus services, roads and tackling fly-parking

 Working with train operators to improve services to Stansted

 Airport infrastructure powered by 100% renewable energy

 Working with partners to nearly double the size of Stansted Airport College

 Half of all passenger journeys by public transport

 Over 4,500 more good local jobs
