 **2B Enterprising**

## 2B Enterprising delivers an enterprise and employability programme to primary schools across the UK.

Focused on **developing key skills for those aged 5-11**, this programme is making significant impact inspiring young people to think about their futures, explore various sectors and job opportunities, as well as prepare themselves for the future world of work.

Many organisations have elected to partner with **2B Enterprising to support their Social Value and Social Mobility objectives** as this is a key method of engaging with the community, as well as raising ambitions of the youngest learners in society.

### Why partner with 2B Enterprising?

- ROI from engagement with primary schools as part of Social Value strategy.
- Visibility of brand/sector in front of a new audience (children, parents, teachers).
- Investing in the future workforce.
- Giving employees a 'volunteering' opportunity to attend school workshop sessions (delivered by a team of professional educators).
